

23rd September, 2011

Dear Parents,

There are occasions when your daughters may be photographed for publicity purposes – for use in our prospectus, promotional literature, advertisements, etc. Similarly photographs of girls' activities and successes may appear on our website (without girls being individually named) and in the local press.

We shall assume that neither you, nor your daughters, have any objection to individual or group pictures being used in this way, unless we hear from you in writing to the contrary. Please address any letters on this subject to Miss Higson, Deputy Head.

Yours sincerely,

Headmistress
